## **About the World Series of Poker (WSOP)**

The World Series of Poker (WSOP) is the longest-running, largest, richest and most prestigious gaming event in the world, dating back 45 years to 1970, and has paid more than \$2.2 billion in total prize money to date. In 2016, the WSOP in Las Vegas features 69 different poker events over 48 consecutive days.

In 2015 at the 46<sup>th</sup> Annual WSOP, the event attracted a record 103,512 participants from 111 countries around the globe to the Rio All-Suite Hotel and Casino in Las Vegas – all competing for the game’s most coveted prize...a WSOP bracelet and a share of more than \$210 million in total prize money.

Featuring a comprehensive slate of tournaments in every major poker variation, the WSOP is poker’s longest running set of tournaments. The World Series of Poker culminates with the \$10,000 No-Limit Hold’em Championship, commonly referred to as the Main Event, this year to finish Oct. 30 – Nov. 1, 2016 in front of a live audience in the Penn & Teller Theater in Las Vegas and nationally on ESPN television.

The winner of each event gets a World Series of Poker gold bracelet – recognized globally as the game’s highest honor – and a cash prize based on the number of entrants and the amount of the event buy-in. The prize pool for the past nine years (\$1.7 billion) is more than triple the total prize pool of the first 37 years of the WSOP combined (\$530 million).

Buy-ins for the different events range from \$565 to \$111,111 depending on the event and, unlike other sporting events, anyone 21 years of age or older can enter, and anyone can win. Winning a WSOP tournament is a life-changing event, defining poker resumés and often creating instant millionaires out of those with a dream and the determination to outmaneuver and outlast the competition.

Caesars acquired the WSOP in 2004, and participation in the event has grown exponentially under its tenure.

## **BRIEF HISTORY OF THE WORLD SERIES OF POKER**

Though the World Series of Poker made its official debut in 1970, the idea of the Horseshoe Casino's annual tournament was actually conceived more than two decades earlier.

In the summer of 1949, as the story goes, inveterate gambler Nicholas “Nick the Greek” Dandolos approached Benny Binion with an unusual request – to challenge the best in a high-stakes poker marathon. Binion agreed to set up a match between Dandolos and the legendary Johnny Moss, with the stipulation the game be viewed in public.

During the course of the marathon, which lasted five months with breaks only for sleep, the two men played every form of poker imaginable. Moss ultimately won “the biggest game in town” and an estimated \$2 million. When the Greek lost his last pot, he arose from his chair, bowed slightly, and uttered the now-famous words, “Mr. Moss, I have to let you go.” Dandolos then went upstairs to bed.

Though significant in its own way as a chapter in poker history, the five-month marathon took on added importance to Benny Binion. He noted that the public had gathered outside the casino each day to watch the game with the fervor of dedicated sports fans, and he was amazed at the attention the event had attracted. But it wasn't until 1970 that Binion decided to re-create this excitement and stage a battle of poker giants – dubbed the “World Series of Poker” – to determine who would be worthy of the title World Champion. Some of the best players in the country were assembled, and Johnny Moss came out on top. The decision was democratic in that the champion was decided by popular vote.

The following year, the winner was determined by a freeze-out competition, with players being systematically eliminated until one player had all the chips. Moss again became the World Champion. In 1972, when Thomas “Amarillo Slim” Preston won the title and went on the talk show circuit, the WSOP began to gain a wider following.

It was a year later that Binion participated in the Oral History Project at the University of Nevada-Reno and discussed the World Series of Poker (WSOP) with interviewer Mary Ellen Glass. “This poker game here gets us a lot of attention,” he told Glass. “We had seven players last year, and this year we had 13. I look to have better than 20 next year. It's even liable to get up to be 50, might get up to be more than that.” Binion then paused, and as if gazing into the future, prophesied, “It will eventually.”

In the early 1980s, with the introduction of preliminary satellite competitions with lower buy-ins, Binion's prophecy came to fruition and the popularity of the World Series of Poker soared. (A satellite is a tournament whose prize is an entry into another higher buy-in tournament).

But even Benny Binion, who passed away on Christmas Day of 1989, would have had difficulty foreseeing the enormous growth the annual tournament has experienced since.

In 1982, nine years after Mr. Binion participated in UNR's Oral History Project, the tournament drew a total of 1,253 entrants across all its events. Two decades later, there were 7,593 entries and 2015's WSOP attracted a record 103,512 entrants from an astonishing 111 different nations. The prize money has increased exponentially as well. In 1982, a total of \$2,607,700 was awarded, while in 2015 a staggering \$210,379,285 was won. Whereas only 12 events, mostly Texas Hold'em and Seven-Card Stud, were scheduled as recently as 1988, the 2016 tournament offers 69 competitions that feature a wide variety of games.

The WSOP is now a global phenomenon, with the WSOP Circuit, a WSOP International Circuit, WSOP Europe and WSOP Asia-Pacific all regular live events on the poker calendar. Plus, with a leading WSOP Social Game and real-money online poker in New Jersey and Nevada, the brand reaches every corner of the globe with digital or live iterations.

The legacy Benny Binion left the poker community ranks as the oldest, largest, most prestigious, and most media-hyped gaming competition in the world, and, no doubt, it holds the promise of an even brighter future. But equally important, the World Series of Poker has touched thousands of lives over the years, affording talented players the opportunity to follow their dreams, reach for the stars and perhaps one day achieve greatness in their chosen endeavor.

## **THE WORLD SERIES OF POKER GOLD BRACELET:** **POKER'S ULTIMATE ACHIEVEMENT**

***Prestige: respect or reputation derived from achievements, power, associations, etc.***

-- Oxford Dictionary

There's nothing quite like it -- anywhere.

Comparisons can be made to a championship title belt in boxing, or the green jacket in golf, or the gold medal in the Olympic Games. But nothing quite compares to the one-inch by eight-inch cylinder of dazzling gold that symbolizes poker's ultimate achievement.

Indeed, the *World Series of Poker Gold Bracelet* stands apart from all other amulets of excellence for what it represents -- not just for a few world-class sports stars fortunate enough to possess great athleticism as is the case with title belts and trophies -- but rather to millions of ordinary, everyday people from all walks of life, both male and female, from more than a hundred nations around the world. The Gold Bracelet is a prize that can feasibly be won and ultimately worn by *anyone* driven by a dream.

Although the Gold Bracelet is accessible to millions of would-be poker champions, this is not to say winning one is easy. To the contrary, the path to a bona fide WSOP title often begins in a basement, across a kitchen table, or inside a college dorm room. This is usually where poker players and the most outlandish of aspirations are born.

For a fortunate few, the seeds of those aspirations flower into a WSOP Gold Bracelet, the game's greatest honor.

The WSOP began in 1970, making it the oldest and most prestigious poker competition on the planet. The annual poker festival was initially held at Binion's Horseshoe in Downtown Las Vegas, which played host to the eclectic gathering of poker aficionados and gamblers during the first 35 years. During the tournament's earliest years, winners received a trophy or a silver plate, but those accolades didn't seem appropriate for poker's motley moors and prideful traditions. Winning a WSOP championship had to be celebrated with something flashier. The keepsake had to be an ostentatious expression of personal triumph that represented overcoming the odds and defeating the world's very best.

And so, the WSOP Gold Bracelet was born.

In 1976, WSOP founder and patriarch Benny Binion decided to award Gold Bracelets for the first time. It proved to be a brilliant move. After all, other than the prominent poker face, the most visible part of a player's body while sitting at the table and competing is *the hands*. Wrists with Gold Bracelets were winners. Wrists without were losers, or at least victory hadn't come yet. The Gold Bracelet was -- and very much remains -- not just a fashion statement, but poker's ultimate status symbol.

Since Binion's tasteful innovation 40 years ago, every official WSOP event is adorned with a Gold Bracelet at its apex. Every champion receives one, in addition to what often amounts to life-changing prize money. In keeping with WSOP tradition, all winners of events held before 1976 were retroactively noted as "Gold Bracelet Winners." The records and accomplishments are tabulated just as if they received an actual bracelet. (Several of the 1970-1976 winners later had special gold bracelets custom made in order to join the most chic club in poker).

The universal sentiment for the Gold Bracelet was perhaps best expressed by Hollywood actress Jennifer Tilly, who was once nominated for an Academy Award. Tilly won the 2005 Ladies WSOP Championship, and was presented with her own token of victory. Afterward, she said winning her WSOP Gold Bracelet was, "better than an Oscar."

The WSOP has grown nearly every year since its inception. Now, there are more tournament events than ever, necessitated as a response to the crush of people from all over the world who now descend upon Las Vegas in an annual pilgrimage.

In 2007, the WSOP expanded to Europe, awarding the first-ever bracelets outside of Las Vegas. WSOP Europe bracelets are recognized equally alongside bracelets awarded at the (Las Vegas) WSOP and are treated and tracked in the same manner. In 2013, the WSOP Asia-Pacific awarded five Gold Bracelets in Melbourne, Australia for the very first time and added 10 during the 2014 iteration.

To date, there have been 1,252 Gold Bracelets awarded in World Series of Poker history. This figure includes every official WSOP event played, including tournaments during the early years when there were no actual Gold Bracelets awarded. It also includes the 66 Gold Bracelets awarded outside of the Las Vegas WSOP.

In 2016, a total of 70 WSOP Gold Bracelets will be at stake, nine less than 2015. One prize will be awarded to the 2015-16 season WSOP Global Casino Champion, the culmination of 19 series' throughout the United States, and a half-dozen internationally over 10 months and two calendar years. This WSOP, 69 will be bestowed upon the individual winners of each of the distinct poker tournaments being held in Las Vegas in the summer.

The WSOP is owned by Caesars Interactive Entertainment, Inc. (CIE), which considers the event one of the company's most powerful and attractive assets. All those who operate the WSOP acknowledge a strong personal and corporate responsibility for protecting what for many poker players is a sacred institution. The WSOP considers the growth of the game to be the most significant factor in assessing the question about adding new events and Gold Bracelets.

Poker's popularity has exploded over the past decade, thanks in large part to the advent of the hole card camera and the Internet – two factors which have helped to revolutionize the game and educate a whole new generation of poker players around the globe, adding millions of new players to the game, and who will eventually become tomorrow's new stars. As such, the WSOP attempts to effectively balance the supply and demand by ensuring the average number of entrants per event continues to increase in order to introduce new bracelets. As an example, in 2015, WSOP events averaged 1,522 entrants. In 2002, the WSOP averaged 217 entrants per bracelet awarded.

In 1976 when Doyle Brunson won the first of his back-to-back WSOP Main Event WSOP titles (world championships), he bested a field of 22 to capture the crown. At the most recent WSOP, Joe McKeehen outlasted a field of 6,420 players. The top WSOP Gold Bracelet winners of all-time are Phil Hellmuth (14 wins), and Doyle Brunson, Johnny Chan and Phil Ivey with 10 each. Three of these players are members of the Poker Hall of Fame and Ivey is too young yet to be eligible.

In 1973 "Puggy" Pearson became the first WSOP player to win three Gold Bracelets at one WSOP. That incredible feat has only been equaled five times in the 46-year history of the event -- most recently by George Danzer in 2014. Ted Forrest, Phil Ivey, Phil Hellmuth and Jeffrey Lisandro are the other champions to have accomplished poker's greatest trifecta.

Just as the prestige of the WSOP has grown with bigger attendance numbers and more prize money, so too has the value of winning a WSOP Gold Bracelet. Initially, WSOP Gold Bracelets cost a few hundred dollars each. Now, they cost several thousand dollars. The WSOP Main Event Gold Bracelet, costs approximately \$500,000 – the most expensive trophy in sports!

With the passage of time and the inevitable variations of fashion and style, WSOP Gold Bracelet designs have grown increasing more elaborate over the years. Early bracelets were simple. During some years, WSOP Gold Bracelets were simply a heavy gold chain. Now, the bracelets include diamonds and other gemstones, along with 18 karat gold, white gold or yellow gold -- depending on the year and particular bracelet. [Jostens](#) is the official bracelet supplier of the WSOP.

Most players keep their WSOP Gold Bracelets. Others gift them to close family members, particularly those have been fortunate enough to win multiples. They are considered one-of-a-kind collectibles as they indelibly serve to signify a crowning achievement in the worldwide skill game known as poker.

There are exceptions to the notion that the Gold Bracelet is a priceless keepsake. The most famous example was Peter Eastgate's decision to sell his treasured memento, via a public auction. The 2008 WSOP Main Event Champion became the youngest winner in history with his victory at age 22. In 2010, Eastgate used the eBay online auction site and took bids for his bracelet with intent to donate the money to a charity (UNICEF). The winning bidder paid \$147,500 for Eastgate's bracelet.

Actual bracelet or not, winning a WSOP title is forever regarded as a career accomplishment. Possessing the hardware is not required for immortality in poker's history books. A player goes from John Doe to "WSOP Gold Bracelet winner John Doe" the instant the final chip is stacked on poker's grandest stage. Status is measured by one thing -- the WSOP Gold Bracelet, which brings to mind a truism offered by professional poker player Phil Gordon when he professed, "In poker there are two categories of players: those with Gold Bracelets and those without."

One must not confuse the WSOP Gold Bracelet with imitators. Imitation is indeed the sincerest form of flattery, and some other poker tournaments have begun to award their own "bracelets" to winners. However, such efforts have failed to convince players or the public that they are indeed noteworthy. In short, nothing compares to a WSOP Gold Bracelet.

At least one comparison is true. Although the World Series of Poker is without equal, it is indeed every poker player's Super Bowl, Olympic Games, and World Cup, with each precious victory entwined in an inimitable emblem called the Gold Bracelet.

## **Bracelet Ceremony – 47<sup>th</sup> Annual World Series of Poker**

**Daily at 1:15 PM or 2:35 PM from June 2 through July 11**

Continuing the tradition started in 2009, all World Series of Poker bracelet winners will be treated to a special ceremony the day after their victory.

Each gold bracelet winner will be asked to return to the Brasilia Room at the Rio at 1:15 PM (or 2:35 pm on days when the morning event begins at 10am) the day following his or her win to receive their WSOP gold bracelet in an official ceremony presided over by WSOP tournament director Jack Effel or WSOP Historian Nolan Dalla.

Renowned jewelry company *Jostens* is the official bracelet designer and manufacturer again for 2016.

The timing of the ceremony coincides with the return of players from the first break of the 11am tournament (or 2<sup>nd</sup> break of the 10am tournament on days when the first event begins at 10am). With a Brasilia Room full of players, the previous day's event winner(s) will be welcomed to the stage, where each will be awarded a gold bracelet, pose for photos and be given an opportunity to address the crowd.

In addition, each new bracelet holder will receive a new Total Rewards card. As is custom for WSOP winners, Caesars Entertainment awards "Diamond" status – an exclusive club reserved for Caesars' best customers – to all bracelet holders for one year.

Play in the Brasilia Room will be halted during the ceremony and commence following the brief ceremony.

It should be noted that the time of this ceremony will differ some days based on scheduled start days at 11 am or 10 am on this year's schedule. Additionally, some days will have no ceremonies, when no final tables are contested on the previous day's schedule.

Media are welcome to gather in front of the stage to take pictures and shoot video during the presentation. At the conclusion of the bracelet ceremony, media will be able to arrange one-on-one interviews with the newly-crowned champion(s) on the stage, including video interviews from the stage.

*Reminder: Use of video in the Brasilia Room is still prohibited for tournament play.*

**2016 WSOP**

**NEW &**

**NOTEWORTHY**

## **NEW AND NOTEWORTHY FOR 2016**

With 69 events on the schedule, there are eight new tournaments on the docket. While some of those events (like Event #61, the Tag Team Event) are garnering a lot of the attention, there are other changes in store that players will surely be pleased about. Here is a list of changes in store for 2016.

**Places Paid:** All WSOP gold bracelet and Deepstack events (with a few exceptions like Heads Up and Shootout events) will now payout 15 percent of the field, up 50% from what was WSOP standard. The minimum will be one-and-a-half times the buy-in. With payouts increasing, many events are expected to reach the money on Day 1.

**Start Times:** Moved up one hour: Most (not all) events are on a new time schedule, with the first event of the day scheduled for 11am and the late events now to begin at 3pm. *Deepstacks* now at 2pm, 5pm, 7pm & 9pm.

**Five Times Starting Chips:** All \$10,000 buy-in events, including the Main Event, will now feature 50,000 in starting chips, up 66%. This means all WSOP events now start with at least five times buy-in amount.

**Structure Tweaks:** With some of the above changes, structures have also been modified slightly in an effort to aid events meeting scheduled duration. Players are encouraged to review structure sheets in advance. (One example: Instead of a 100-200 level followed by 100-200-25, there will now be just a 100-200-25 level).

**Playing into the money on Day 1 of Colossus:** Each starting flight of Colossus II will reach the money and begin processing payouts immediately within the flight versus a traditional hard bubble on Day 2 of a consolidated field. This will cut any congestion in payouts process significantly and also allow players who cash in a flight and surrender their stack at the end of the flight, a chance to re-enter another flight and perhaps cash again within the same event.

**Registering for only one flight at a time:** In order to better manage, multi-flight, multi-entry events (Colossus, Millionaire Maker, Crazy Eights & Little One for One Drop), players may only register for one flight at a time in advance. If they are eliminated in that flight, they may go to the cage to register for another flight if they choose.

**New Events:** This year, eight new events have been added to the schedule. They are:

1. **June 5:** Event #4 - \$1,000 *Top Up Turbo No-Limit Hold'em*. (2-day event) – 20-minute levels. Starts at 11 am
  - As a new event to wrap up Colossus weekend, this unique hybrid event will play as a traditional live poker tournament, but customers playing and cashing in \$55 single table satellites on WSOP.com (or live at Rio) just prior to the event will be able to boost their stack to double the starting chips. Visit Nevada's leading real-money poker operator on mobile or web platform via [www.wsop.com/promotions/](http://www.wsop.com/promotions/) to learn how to get extra chips for this event, or visit the single table satellite podium at the Rio.
2. **June 9:** Event #12 - \$565 *Pot-Limit Omaha* with unlimited re-entry. (Lowest ever price point for this variant)
3. **June 15:** Event #23 - \$2,000 *No-Limit Hold'em* – new price point for poker's most popular game.
4. **June 23:** Event #40 - \$2,500 *Mixed Triple Draw Lowball* featuring Limit A-5, 2-7 and Badugi.

## **2016 WSOP MAIN EVENT – 50,000 Starting Chips**

### **Guaranteeing 1,000 Paid Places or 15% of Field**

**Saturday, July 9 at 11 am – Event #68A – First Starting Flight**

**Sunday, July 10 at 11 am – Event #68B – Middle Starting Flight**

**Monday, July 11 at 11 am – Event #68C – Final Starting Flight**

Poker's World Championship -- the WSOP Main Event -- will undergo some more tweaks for its 47<sup>th</sup> iteration.

The guts of course remain the same, \$10,000 buy-in, broad ESPN television coverage, two-hour levels, and eight days of play to get from the roughly 7,000 players who start to the final nine.

But this year, players will all start with 50,000 in chips, up from 30,000 -- a 66% increase.

The new structure sheet for the Main Event can be found here:

The World Series of Poker has tweaked its payout structure for the Main Event, ensuring all final tablists are awarded at least \$1 million, using a gradual pay structure with the smallest cash worth \$15,000, and guaranteeing to pay out 15% of the field or 1,000 places, whichever is higher.

A sample payout structure can be viewed here:

The world's longest-running poker tournament -- the \$10,000 buy-in No-Limit Hold'em WSOP Main Event championship -- runs over ten consecutive days from **July 9 - July 18, 2016** and will feature three starting flights -- **Saturday, July 9; Sunday, July 10;** and **Monday, July 11.** The November Nine returns and will be contested earlier this year due to the United States presidential election. November Nine play begins on Sunday, October 30, and runs for three consecutive nights, concluding on Tuesday, November 1 with three live days of television on ESPN covering every hand of the final table.

## WSOP MAIN EVENT FINAL TABLE REMAINS A THREE-DAY EXTRAVAGANZA

**OCTOBER 30, OCTOBER 31 and NOVEMBER 1, 2016**

### **Televised Live Coverage of Every Hand of Final Table on ESPN/ESPN2**

In 2008, the World Series of Poker announced a groundbreaking change to the conclusion of the world's most prestigious poker event – the \$10,000 buy-in No Limit Hold'em World Championship, commonly referred to as the Main Event. Instead of playing out the event over consecutive days as was done previously, the event is paused once 9 players remain and delayed to resume in concert with the live airing of the television coverage, typically 3-4 months later.

In 2016, for the ninth consecutive year, the plan continues with the revised format of poker's most seminal competition, aligning the tournament and the television experience. This year the final table returns as a three-day affair, just like was done for the first time last year.

The Main Event in 2016 will be contested from **July 9-18**, and then play will stop until **Sunday, October 30**, resuming on that date with the final nine players live on ESPN. Play will pause once we reach four players, and resume on **Monday, October 31** live on ESPN2 until we have the final two combatants. The winner will be crowned on **Tuesday, November 1** in front of a live television audience on ESPN.

Each of the nine players who make it to the WSOP Main Event Final Table will receive ninth-place prize money on July 19, when the finalists are determined. The WSOP will then provide each of those players with an expenses-paid trip for two for their return to Las Vegas in November to play the final portion of the tournament.

From July 19 to November 1, a span of 102 days, players will have an opportunity to arrange for all their friends and family to come witness in-person, the dramatic conclusion of the tournament. In addition, they will be able to line up sponsorships and coaches, review the play of all their competitors, participate in other tournaments and take advantage of the new publicity and promotional opportunities available to them.

The change in how the Main Event final table is staged brings the excitement and drama of high-stakes WSOP tournament play closer to millions of fans around the globe and creates an incredible atmosphere inside the Penn & Teller Theater that is more akin to a major stadium spectator sport than traditional poker events.

The winner of the Main Event is expected to be crowned late in the evening on November 1.

**\$1,000 WSOP.com TOP UP TURBO NO-LIMIT HOLD'EM**  
**(Qualify for additional starting chips on WSOP.com or onsite at the Rio)**

**Sunday, June 5 at 11 a.m. - Event #4**

**New Event for WSOP in 2016**

The first new event in 2016 is the \$1,000 buy-in Top Up Turbo No-Limit Hold'em scheduled for Sunday, June 5 at 11:00 am. It is officially Event #4 on the schedule.

The Top Up Turbo event is here to wrap up the *Colossus* weekend. A unique hybrid event, it will play as a traditional live poker tournament, but participants playing and cashing in \$55 single table satellites on WSOP.com (or live at Rio) prior to the event will be able to boost their stack to double the starting chips.

It's a turbo tournament that features 20 minute levels. Players will start with 5,000 tournament chips, but anyone who cashes in one of the designated \$55 Sit and Go's will earn an additional 5,000 tournament chips. These SnG's will be held online at WSOP.com and live at the Rio in the Pavilion Room prior to the official start of the Top Up Turbo.

To qualify online, look for \$55 (10) handed SnG's in the lobby on WSOP.com with the tournament name **\$55 WSOP Top Up Turbo** in yellow.

The top three finishers in each SnG will earn cash as well as earn the extra 5,000 chips to use in Event #4. Players may play as many SnGs as they like, however players will only be able to earn a double starting stack one time.

Qualify for additional chips now at [WSOP.com](http://WSOP.com).

Players that do not qualify for the double starting stack through a SnG can purchase an additional 5,000 starting chips for \$1,000 at the time they initially register for Event #4.

It is important to note, players must be entered into the Top Up Turbo event, to receive the additional chips. Winning a satellite does NOT provide the winner a seat into Event #4, just the ability to double their starting chip stack if they choose to play.

The event is scheduled as a two-day event. Day 1 will play down to the final table and the remaining players return for Day 2 and the final table on Monday, June 6 at 12:00 noon.

The event is scheduled to take advantage of all the players who came in town to play the Colossus No-Limit Hold'em event but didn't make it to Day 2. These players now have an event in which they can enter and quickly reach the prize money.

The structure sheet for the event can be viewed here:

**\$888 CRAZY EIGHTS NO-LIMIT HOLD'EM (8-HANDED)**  
**\$888,888 Guaranteed 1st Place (Payouts Start on Day 1)**

**Friday, July 1 and Saturday, July 2 – Event #54 Four Starting Flights:**  
**10 a.m. (Flights A&C) – 4 p.m. (Flights B&D)**

**New Event for WSOP in 2016**

The \$888 *Crazy Eights* tournament is one step up from last year's \$777 *Lucky 7's* tournament. The new event is at a similar price point as the *Lucky 7's*, but brings a few new twists, including guaranteeing \$888,888 to the winner.

This tournament features four starting flights, two on Friday and two on Saturday. The morning flights start at 10 a.m. and the afternoon flights start at 4 p.m.

Players will be allowed one entry per starting flight, with the ability to re-enter any other flights if they are eliminated. Once a player bags chips, they may not play in any of the remaining starting flights.

The *Crazy Eights* event will be played 8-handed. This is the first time in the history of the WSOP that a sub-\$1,500 buy-in event will be run with less than a full table of players.

Players will begin this event with 5,000 in tournament chips and play on Day 1 will feature 18, 30-minute levels. Once Day 2 is reached, levels will be extended to 60 minutes.

Just like the *Colossus*, the money will be reached on Day 1 and players can cash multiple times. This happens when a player reaches the money, but is eliminated before the end of the day and then plays in another starting flight.

The event is scheduled as a four-day event.

**\$1,000 TAG TEAM NO-LIMIT HOLD'EM**  
**(2-4 Player Teams)**

**Wednesday, July 6 at 11 a.m. – Event #61**

**New Event for WSOP in 2016**

Ask your dad, ask your best friend, and don't forget to ask the shark in your bar poker league to join you for one of the most unique events on the 2016 WSOP schedule. The tag team event is a \$1,000 buy-in tournament where players compete in teams of 2-4 players. Teams can consist of any combination of players, but each player can only be a part of one team.

Teams will register together. Each teammate must check in at their table prior to the end of the registration period and play at least one round of blinds. After everyone has played at least one round of blinds, teams may freely tag each other in and out as long as they are not actively in a hand.

So, while the rules of one player per hand is still in effect in this tournament, the ability to rotate teammates in and out as desired, provides the unique twist and hopefully, ratchets up the fun quotient.

Payouts will be calculated based on the number of teams and be distributed evenly amongst teammate(s). All members of the winning team will receive their own WSOP gold bracelet.

Teams will begin this event with 5,000 in tournament chips. All levels are 60 minutes long.

The event is scheduled as a three-day event.

This event is intended to be fun and bring a few new players into the game.

## **WORLD SERIES OF POKER PLAYER OF THE YEAR** **POWERED BY GLOBAL POKER INDEX**

The World Series of Poker (WSOP) instituted a Player of the Year system in 2004, after Caesars acquired the brand. The system awards points based on finish for all open bracelet events. Anyone who cashes in an open WSOP gold bracelet event is awarded points. The player with the most overall points is the winner of the WSOP Player of the Year.

In 2016, the WSOP continues its affiliation with the Global Poker Index to power and provide the formula used to determine the WSOP POY. A total of 65 gold bracelet events qualify for the 2016 crown, the 65 open events at the summer WSOP.

Adding the WSOP Player of the Year to your resume is one of the highest honors a poker player can achieve. Typically, the individual who wins this award has multiple in-the-money finishes and a WSOP gold bracelet among those cashes. In fact, no player has won the award without at least capturing a gold bracelet.

**Mike Gorodinsky** captured the 2015 award with 2,251.81 points. He captured a WSOP gold bracelet in the prestigious \$50,000 buy-in Poker Players Championship and had eight cashes, a runner-up finish, a third place finish and \$1,764,112 in total tournament winnings. He edged Brian Hastings (2,122.53) and Shaun Deeb (2,056.40.)

Daniel Negreanu became the first and only player in WSOP history to capture the WSOP Player of the Year title twice (2004, 2013).

Below is a list of WSOP Player of the Year winners, along with their accomplishments in their winning year.

## **BRACELETS AWARDED BY YEAR**

The WSOP takes the scarcity of the bracelet very seriously. Some numbers to help put things in perspective: In 2015, with 68 events at the WSOP, the average number of players per event was 1,522, the highest average ever. Thus, to win a WSOP gold bracelet, one would have to defeat on average, 1,521 players. Going back in time, you will see the average entrants per event were 210 for 36 events at the 2003 WSOP. In 1982, it was 89 entrants average for 17 events. The demand has never been greater, thus the supply increases to meet it. So, despite the number of bracelets up for grabs, the fact is, it has never been harder to win one.

## NATIONS PARTICIPATING IN WORLD SERIES OF POKER

### Truly the *WORLD* Series of Poker

This graph shows the ten-year trend of the locations of participants of the World Series of Poker.

More nations participated in the WSOP in 2015 than the 2014 Winter Olympics (111 vs. 88), truly making the WSOP the Olympics of Poker.

Note: A nation is defined as any country, territory or location. Included in these calculations are Puerto Rico and the U.S. Virgin Islands, because the purpose is to show all the different locations people are traveling from to attend the WSOP in Las Vegas.

(Country information of participants was not tracked at the WSOP prior to Caesars Entertainment taking over ownership in 2004).

## ATHLETES WHO HAVE PLAYED IN THE WORLD SERIES OF POKER

NASCAR driver Jason White became just the third athlete to cash in the 46-year history of the WSOP Main Event when he finished in 348<sup>th</sup> place for \$33,734 in 2014. White's finish gives him the record for highest finish and deepest run of any athlete in WSOP Main Event history.

He bested NHL goaltender Roberto Luongo's 634<sup>th</sup> place finish in 2012 and Olympic Skier Petter Northug who finished 653<sup>rd</sup> place in 2010. These are the only three athletes to cash in poker's biggest event.

White wasn't the only athlete to play the WSOP Main Event in 2014 though. NBA players Paul Pierce and Earl Barron were in the field, as well as Super Bowl champion Richard Seymour, soccer star Gerard Pique and UFC standout Martin Kampmann.

The WSOP, with its broad appeal, has long seen athletes participate. Here are some of those that have played over the years.

## **TOP 25 - ALL-TIME LARGEST LIVE FIELD SIZES – WSOP HISTORY**

Unlike other sports, where spectators pay the entry fees and players don't, poker is quite the opposite. Players pay to enter (the buy-in), while spectators get free access to watch the action. The more players, the larger the prize pool.

In 2015, the WSOP hosted six of our Top 25 tournaments of all-time, including our 1<sup>st</sup>, 6<sup>th</sup>, 7<sup>th</sup>, 13<sup>th</sup>, 22<sup>nd</sup> and 25<sup>th</sup> largest events ever. In fact, the debut of the Colossus event nearly tripled the previous largest live tournament ever held. Here's a look at the largest live poker tournaments in WSOP history.

## **BUY-LOW, SELL HIGH: BIGGEST PAYDAYS FOR SMALL INVESTMENT**

It is always a great feeling to invest a little and get a giant return on your investment. There are not many places where you can pay \$565, \$1,000 or \$1,500, work four days, and turn that investment into 771 times your money. But at the WSOP, it is possible.

The 2015 WSOP saw the \$565 Colossus event set the record with 22,374 entries and award the victor Cord Garcia \$638,880 or 1,130 times his investment. In 2016, Colossus II is on the schedule and the victor of this year's event is guaranteed a cool \$1,000,000 – or 1,770 times their investment.

Here is a look at the Top 5 payouts for World Series of Poker events that cost just \$1,000 or \$1,500 to enter.

## **ALL-TIME FINAL TABLES – TOP 25 – WORLD SERIES OF POKER**

Winning poker tournaments gets you the glory – and the bracelet – but making a final table at the World Series of Poker is still considered an incredible achievement. In poker parlance, it's the equivalent of getting into the postseason or some might even say, making it to the title game.

The great Phil Hellmuth added two final tables to his record in 2015 and has now final tabled an incredible 46% of the time he cashes at the WSOP. (53 of 115)

Here's who sits atop the poker mountain in terms of final table appearances in the 46-year history of the WSOP.

## **MOST CASHES *WITHOUT* A BRACELET – TOP 25 – WSOP**

You can be a prolific player and still not achieve victory on poker's biggest stage. Ask Dan Marino or Charles Barkley. But in an individual game like poker, it's still everyone's goal to come out on top.

The top three remain the same as last year. Tony Cousineau still holds the lead by 20 cashes after cashing four times in 2015. Tom McCormick and Roland Israelashvili remain in second and third place respectively. Jumping all the way from 17th to fourth on the list is Shannon Shorr. Shorr cashed ten times in 2015, including reaching two final tables.

Here is the list of players with the most WSOP cashes in history – without winning a bracelet:

## **FAMOUS WSOP MAIN EVENT FINAL HANDS**

### **Pocket Fours**

Let this be a public service announcement. Do not shove pocket fours if you are heads up for the world championship! Unfortunately, the 2015 WSOP Main Event runner-up Joshua Beckley joined this fateful club in 2015. With 19.4 million chips remaining (to 173 million for Joe McKeehen), Beckley looked down to find a 4 of clubs and a 4 of diamonds. He quickly shoved. McKeehen called with Ace-Ten and a 10 on the flop was all she wrote for Beckley. If Beckley had studied WSOP Main Event history, he would have seen that Frank Henderson lost to Johnny Chan with this exact hand in 1987, and then just three years later, Hans “Tuna” Lund used the exact same hand to give Mansour Matloubi the 1990 championship. Pocket fours now ties Ace-Seven as the most likely hand to *lose* the championship.

### **Ace-King**

During the first 41 WSOP Main Events, never has the winning player held Ace-King as his starting hand and never has Ace-King been on the losing end of the final hand either. But, two of the past five WSOP Main Event champions have won their crown after holding Ace-King. 2013 champion Ryan Riess used Ace-King to beat Jay Farber’s starting hand of Queen-Five, and 2011 champion Pius Heinz used the Ace-King starting hand to outduel Martin Staszko’s 10-7 suited.

### **Pocket Nines**

This has been the winning hand twice in the 45-year history of the WSOP Main Event as well. It also was the losing hand once.

In 1989, Phil Hellmuth became the then-youngest Main Event champion when he rode his two black pocket nines to victory over Johnny Chan and his Ace-Seven. Chan was the two-time defending Main Event champion, but Hellmuth made WSOP history at age 24 with this famous hand.

**1989 Phil Hellmuth, Jr. 9♠ 9♣ \$755,000 Johnny Chan A♠ 7♠**

In 2009, Joe Cada dethroned Peter Eastgate to become the youngest-ever Main Event Champion at age 21. Cada earned \$8.547 million for the victory and made the most remarkable comeback in final table history. After having just 2 million of the 195 million chips in play at one point, Cada took them all, completing his run to the record books with this historic hand.

**2009 Joe Cada 9♦ 9♣ \$8,547,044 Darvin Moon Q♦ J♦**

### **Ten-Two**

The cards made famous by “Texas Dolly” Doyle Brunson, who won his back-to-back WSOP Main Event Championships in 1976 and 1977 holding these identical hole cards on his final hand. In 1976, he bested Jesse Alto’s Ace-Jack to capture his first WSOP Main Event bracelet, and the next year Gary “Bones” Berland’s 8-5 fell victim to the 10-2 Brunson held in winning his second consecutive WSOP Main Event.

**1976 Doyle Brunson 10♠ 2♠ \$220,000 Jesse Alto A♠ J♦**

**1977 Doyle Brunson 10♠ 2♥ \$340,000 Gary Berland 8♥ 5♣**

### **Pair of Queens**

In a dramatic conclusion to the 1978 WSOP Main Event, Bobby Baldwin captured the title when his pocket queens bested Crandall Addington’s pocket nines. These future Poker Hall of Famers both flopped a set on the hand, but it was the Queens of Baldwin that maintained the lead to give him his first WSOP Main Event and his third WSOP bracelet.

**1978 Bobby Baldwin Q♦ Q♣ 210,000 Crandall Addington 9♦ 9♣**

### **Five-Four**

After carrying out a bluff in the late stages of the 2003 WSOP Main Event, the aptly-named Chris Moneymaker completed his remarkable run on this memorable hand. With 5-4 off-suit, Moneymaker and runner-up Sam Farha saw a flop of J-5-4, with Farha holding J-10. Moneymaker was ahead with two pair against Farha’s top pair after the flop, then all of the chips went in the middle. With a river 5, Moneymaker improved to a full house and won history’s most memorable WSOP Main Event title.

**2003 Chris Moneymaker 5♦ 4♠ \$2,500,000 Sam Farha J♥ 10♦**

### **Ace-Nine**

Chris “Jesus” Ferguson won the 2000 WSOP Main Event when he bested T.J. Cloutier. Ferguson had a 10 to 1 chip advantage when heads-up play began, and after a see-saw battle, Ferguson called Cloutier’s all-in. Cloutier had Ace-Queen. Ferguson looked in trouble holding Ace-Nine, but a miraculous nine on the river gave Ferguson a pair of nines, and the 2000 WSOP Main Event victory. But Ace-Nine was also the losing hand for 2014 runner-up Felix Stephensen, who called the all-in bet of Martin Jacobson holding suited A-9.

**2000 Chris Ferguson A♠ 9♣ \$1,500,000 T.J. Cloutier A♦ Q♣**  
**2014 Martin Jacobson 10♥10♦ \$10,000,000 Felix Stephensen A♥9♥**

### **Ace-Four**

Stu Ungar won his third and final WSOP Main Event in 1997 after his Ace-Four beat John Strzemp’s Ace-Eight, when a river deuce gave Ungar the wheel straight and the victory, but the remarkable thing about Ungar’s feat was the fact he almost didn’t get in the tournament to begin with. After spending 24 hours trying to raise enough money for the buy-in, Ungar was the last person who bought into the event, just before registration closed. He went on to complete the Main Event trifecta, winning his final Main Event title 16 years after he last accomplished the feat for a record-tying third World Championship title.

**1997 Stu Ungar A♥ 4♣ \$1,000,000 John Strzemp A♠ 8♣**

### **Jack-Nine**

This famous hand was immortalized in the movie *Rounders*, in which Johnny Chan had a cameo and Erik Seidel became infamous. Chan won his second of back-to-back WSOP Main Events in 1988, and he would have become the only player to do it three times in a row if it wasn’t for a kid named Hellmuth. Chan’s Jack-Nine of Clubs bested Seidel’s Queen-Seven in the 1988 WSOP Main Event. The flop came Q-8-10, with Chan flopping a straight and Seidel grabbing top pair. Chan raised, Seidel re-raised and Chan called. After a harmless 2 on the turn, both players checked. With a 6 on the river, Seidel shoved all-in, and Chan quickly called after successfully trapping Seidel.

**1988 Johnny Chan J♣ 9♣ \$700,000 Erik Seidel Q♣ 7♥**

### **Cracked Aces**

The best starting hand – pocket Aces – has only been involved in two WSOP Main Event final hands in history. And both times, the Aces were cracked! In the 1979 Main Event, Hal Fowler’s seven-six off-suit cracked the Pocket Aces of Bobby Hoff when he hit a gut shot straight. Fowler is considered the first amateur to ever win the WSOP Main Event.

**1979 Hal Fowler 7♠ 6♦ \$270,000 Bobby Hoff A♣ A♥**

In 2001, Hall-of-Famer Dewey Tomko suffered the same fate in the final hand of the Main Event when Juan Carlos Mortensen’s King-Queen of clubs bested Tomko’s pocket rockets, rivering a King-high straight. For Tomko, it was the second time he had finished runner-up in the Main Event, joining T.J. Cloutier, Crandall Addington and Puggy Pearson as the only players to accomplish that feat.

**2001 Juan Carlos Mortensen K♣ Q♣ \$1,500,000 Dewey Tomko A♠ A♥**

### **Pocket Kings**

The second best starting hand in Texas Hold’em has never been achieved in the final hand in the 45-year history of the World Series of Poker Main Event. No player has either won or lost the Main Event holding pocket kings. In fact, only four times in WSOP Main Event history has a player holding even one king went on to win the Main Event! (1972, 1994, 2001 and in 2012. In 2012, Greg Merson’s King-Five of diamonds bested Jesse Sylvia’s Queen-Jack of spades).

### **Give Me a Nine, Any Nine**

There have been 45 WSOP Main Events in history, and remarkably, the winner in 22.2% of them (10) has held a nine in his final hand – the second most common starting card of them all for WSOP Main Event winners. (A player was holding an ace in 24.4% of the winning hands (11), including Ryan Riess in the 2013 Main Event. Interesting to note though, both an Ace and a Nine were part of the losing hand in the 2014 WSOP Main Event won by Martin Jacobson. Felix Stephensen called Jacobson’s all-in bet with Ace-Nine of Hearts, but was behind Jacobson’s pocket tens. The flop came 10-9-3 improving both hands, but giving Jacobson a set of tens, and ironically the first \$10 million first place prize in Main Event history.

## **AMATEURS WHO HAVE WON THE WSOP MAIN EVENT**

The champion of the \$10,000 No-Limit Hold'em World Championship Main Event has been won 15 times by an amateur (a poker player who, at the time of his or her win, had supported him-or-herself in a vocation other than poker).

Joe Cada, who won the 2009 WSOP Main Event, broke the streak of seven consecutive years of an amateur winning the WSOP Main Event, and the past seven champions (Cada, Jonathan Duhamel, Pius Heinz, Greg Merson, Ryan Riess, Martin Jacobson and Joe McKeehen), are all young professional players too, making it a streak of seven in a row for the pros.

In 46 years of Main Event champions, a professional has won 31 times, or 67% of the time.

Here's a look at the amateurs who have won the Main Event and their occupations at the time of their historic victory:

## **HOW \$7.6 MILLION STACKS UP**

### **VERSUS OTHER PROFESSIONAL SPORTS SALARIES**

Joe McKeehen, winner of the 2015 World Series of Poker Main Event, walked away with **\$7,683,346**, plus the WSOP gold bracelet valued at \$500,000.

Here is how the WSOP Main Event winner purse compares to other pro sports salaries:

|                                |                |
|--------------------------------|----------------|
| NBA Basketball Average Salary: | \$4.58 million |
| MLB Baseball Average Salary:   | \$4.17 million |
| NHL Hockey Average Salary:     | \$2.62 million |
| NFL Football Average Salary:   | \$2.11 million |
| MLS Soccer Average Salary:     | \$310,000      |

Thus, the 2015 WSOP Main Event Champion earned at least 67% more than any of the other major U.S. sports league athletes.

## **\$1,500 “MILLIONAIRE MAKER” NO-LIMIT HOLD’EM RE-ENTRY**

***Friday, June 10, 2016 at 10 AM (Flight A)***

***Saturday, June 11, 2016 at 10 AM (Flight B)***

***Event #14 (A/B): \$1,000,000 Guaranteed to First and Second Place***

The popular Millionaire Maker event is back on the schedule for a fourth consecutive year. This year, not only is first place guaranteed \$1 million, second place is also guaranteed at least a \$1 million payout. This is the first time this event is guaranteeing two seven-figure payouts.

The Millionaire Maker will feature two starting flights, with a single re-entry No-Limit Hold’em format, where those players eliminated in Flight A, may re-enter into Flight B. Players do not have to re-enter.

Players start with 7,500 tournament chips and all levels are 60 minutes long. It is a five-day event.

Adrian Buckley defeated 7,275 players last year to win \$1,277,193 - the second largest payout in the event’s history. The only player to walk away with a bigger fortune from this event was Jonathan Dimmig. Dimmig won the event in 2014 to earn \$1,319,587.

Since \$1 million is guaranteed to the runner-up finisher this year, this year’s Millionaire Maker will produce the largest runner-up prize in the event’s history. Previously the largest runner-up prize was \$815,963 and that was won by Jeffrey Coburn when he finished 2nd to Dimmig.

Day 2 for all surviving players will be Sunday, June 12 at 11:00 am. Day 3 is Monday and Day 4 and the final table will be on Tuesday.

The final table will be live streamed on Tuesday, June 14 and at the completion of the tournament, there will be two new millionaires.

The prize pool may be altered from standard WSOP events to ensure the first and second place payout.

At the 47<sup>th</sup> annual WSOP, the Seniors-only event is slated for **Friday, June 17<sup>th</sup> at 10 a.m.** officially as Event #27.

The event has always been a \$1,000 buy-in No Limit Hold'em tournament and remains so in 2016. The structure sheet for the event can be viewed here: [www.wsop.com/pdfs/structuresheets/structure\\_1232\\_14927.pdf](http://www.wsop.com/pdfs/structuresheets/structure_1232_14927.pdf)

## **WSOP *SUPER* SENIORS EVENT (Age 65+) - \$1,000 Buy-In (3-Day Event)**

**Sunday, June 19<sup>th</sup> at 10 AM – Event #31**

The *Super* Seniors Event – for those age 65 or older – is played just two days after the regular Seniors Event to capture those players who didn't make it to Day 3 of the Seniors Event, or who would like to play another event with like-aged individuals.

At the 47<sup>th</sup> annual WSOP, the *Super* Seniors-only event is slated for **Sunday, June 19<sup>th</sup> at 10 a.m.** officially as Event #31.

The event will feature a \$1,000 buy-in, be played as No Limit Hold'em and follow the exact same structure as the popular Seniors Event.

The decision to add the Super Seniors Event was made in 2015 after analyzing the entrant's lists from the past several WSOP Senior events. We found that more than two-thirds of participants were already in the 65+ age bracket, and with capacity nearing for the Seniors event, adding this new event in 2015 would be additive to the WSOP and the player experience.

The structure sheet for this event can be viewed here:

**\$1,500 SUMMER SOLSTICE NO-LIMIT HOLD'EM**  
**(90-minute levels)**

**Monday, June 20 – Event #33 @11am**

This event is scheduled for 11 am on Monday, June 20 and gets its name, because it is taking place on the year's longest day.

It comes with a \$1,500 buy-in, and the key differentiator is the 90-minute levels that will be utilized throughout this event.

With 7,500 in starting chips and blinds beginning at 25/50, players will have plenty of time to be patient in this event.

Players will have plenty of time to maneuver, just like they did when starting with 15,000 in chips in the Monster Stack. But instead of the 50% more chips, they will have that in time.

The Extended Play produces a very similar tournament to the Monster Stack with very good value and a chance for players to put their skills on display.

The event is expected to take four or five days to reach its winner. (It will depend on number of entrants).

The structure sheet for the event can be viewed here: [www.wsop.com/pdfs/structuresheets/structure\\_1232\\_14933.pdf](http://www.wsop.com/pdfs/structuresheets/structure_1232_14933.pdf)

## **\$1,500 “MONSTER STACK” NO-LIMIT HOLD’EM**

***Friday, June 24, 2016 at 10 AM (Flight A);***  
***Saturday, June 25, 2016 at 10 AM (Flight B)***

***Event #41 (A/B): 15,000 STARTING CHIP STACK***

Building off last year’s success, the Monster Stack event returns a little later in schedule, but with the same format, two starting flights spread out over two days – **Friday, June 24 at 10:00 am** and **Saturday, June 25 at 10:00 am**.

Players begin with 15,000 in tournament chips, thus the “Monster Stack” name.

In the two previous iterations, the event drew 7,192 and 7,862 entries.

The Monster Stack will feature two-flights, in No-Limit Hold’em format. This is a single-entry event, with no options for players to re-enter once they are eliminated.

Day 2 for all surviving players will be **Sunday, June 26** at 11:00 am.

Final prize pool information won’t be known until registration for the event officially closes, but WSOP officials anticipate a huge turnout for this event.

The final table will be live streamed on **Tuesday, June 28**.

## **\$1,500 BOUNTY NO-LIMIT HOLD'EM**

**Monday, June 27 at 11 am – Event #46**

Another fun event introduced last year is back. It is the \$1,500 buy-in Bounty No-Limit Hold'em scheduled for Monday, June 27 at 11:00am. It is officially event #46 on the schedule.

What makes this event unique is the \$500 bounty placed on each player in the tournament.

Players will each start with a specially-designated tournament chip. When a player is eliminated, that player must surrender their specially-designated tournament chip to the player who eliminated them.

For each specially-designated tournament chip a player accrues, he/she will get \$500 from the prize pool.

The remaining \$850 from each entry stays in the prize pool and is paid out in typical WSOP tournament prize pool fashion.

Players begin the bounty tournament with 7,500 in tournament chips, and the event is expected to reach a conclusion in three days.

The strategy of a bounty tournament is altered from the norm, as players must calculate the \$500 bounty into their decision-making.

## **\$50,000 POKER PLAYERS CHAMPIONSHIP – Eight-GAME MIX**

***Saturday, July 2 at 3 pm – Event #55***

The \$50,000 Poker Players Championship requires participants this year to play a rotation of eight popular forms of poker – Limit Hold'em, Omaha Hi-Low Split-8 or Better, Seven Card Razz, Seven Card Stud, Seven Card Stud Hi-Low Split 8 or Better, No Limit Hold'em, Pot Limit Omaha and 2-7 Triple Draw Lowball – to determine the game's greatest all-around player.

Last year the tournament was played as a 10-game mix, but No-Limit 2-7 Draw Lowball and Badugi have been removed from the rotation to make this year's event an eight-game mix. It is a six-handed tournament and the game rotates every orbit. Levels are 100 minutes long and players start with 250,000 chips, up 100,000 from last year.

Poker greats consider the winner of the event the best all-around player because it demonstrates he or she can outplay the competition in a wide range of game variations with high stakes on the line.

The event debuted in 2006 and it was an instant highlight of the series. It is now a mainstay at the World Series of Poker. This year it begins on Saturday, July 2 at 3 p.m. and is Event #55 on the schedule.

A special commemorative Chip Reese Trophy is awarded to the winner. It is named in honor of the inaugural winner of this event, David "Chip" Reese, who passed away in late 2007. The iconic trophy was first added for the event's champion in 2008, with the winner keeping the top part of the trophy for the year, while his name is engraved on the bottom half, etched forever in history.

The \$50,000 buy-in fee is the second-most expensive of the 69 events at the 2016 World Series of Poker.

The structure sheet for the event can be found here:

## **\$25,000 HIGH ROLLER 8-HANDED POT-LIMIT OMAHA**

**Wednesday, July 6 at 3 pm – Event #62**

There is no denying the growing popularity of Pot-Limit Omaha, the game where players receive four down cards, and must use the five community cards to produce the best five-card hand, utilizing exactly two of their down cards and exactly three of the community cards.

The WSOP has seen this variant of poker continue to grow and grow.

As such, the WSOP schedule is an offering PLO at the highest price point this game has ever seen in a tournament setting – a whopping \$25,000.

The \$25,000 8-Handed Pot-Limit Omaha event gets underway on Wednesday, July 6 at 3:00 pm and is officially Event #62 on the schedule.

By playing 8-handed, this event is expected to see even more action than typically found in PLO.

Players will begin play with 125,000 in tournament chips and each level will be one hour in length.

This event is expected to take four days to reach a winner.

Registration for this event remains open until the start of Day 2.

## **WSOP LADIES EVENT**

### **Friday, July 8<sup>th</sup> at 11am – Ladies No Limit Hold'em Championship**

The World Series of Poker first offered a women's-only event in 1977. And every year since, the WSOP has been proud to offer an event for the ladies and with a prestigious gold bracelet on the line.

At the 47<sup>th</sup> annual WSOP this year, the ladies-only event is slated for **Friday, July 8<sup>th</sup> at 11 am**. Since 2005, the event had been a \$1,000 buy-in No Limit Hold'em tournament.

In 2013, the buy-in was changed to \$10,000, marking the sixth different price change in this event's history. Ladies this year will continue to receive a 90% discount and pay \$1,000 to enter this event.

This event originally started out as a Seven Card Stud tournament with a buy-in of \$100.

While the game of choice offered was Seven Card Stud from 1977 through 1999, the buy-in had only been at \$1,000 since 1992. From 1982 through 1991, the ladies event had a \$500 buy-in. From 1979-1981 it was \$400 and in 1978 the buy-in was \$200.

In 2000, the game variation changed for the first time in the event's history, offering a ½ Limit Hold'em, ½ Seven Card Stud event. This event format continued through 2003.

In 2004, the Ladies Event was a Limit Hold'em tournament. In 2005, it switched to No Limit Hold'em, which has remained the same since.

Here's a look at the winners in the ladies event since 2005:

## **\$1,000 *LITTLE ONE FOR ONE DROP* NO-LIMIT HOLD'EM Unlimited Re-Entry**

**Tuesday, July 12 – Event #69A @3pm**

**Wednesday, July 13 – Event #69B @3pm**

**Thursday, July 14 – Event #69C @3pm**

For the first time in a long time, an event other than the Main Event will be the last one on the schedule.

The Little One for One Drop is Event #69, and will begin on Day 2A/B of the Main Event.

The event features a \$1,000 buy-in, with players getting a starting stack of 5,000 in chips.

But better yet, if players pay an additional \$111 add-on, they will be able to double their starting stack to 10,000 in chips. We call this add-on feature the “Donating for Double” with all \$111 going directly to support our charity partner, the ONE DROP organization ([www.ONEDROP.org](http://www.ONEDROP.org)).

Players will be required to pay for their \$111 add-on at the time of registration if they elect that option.

The event will feature three starting flights, Flight A at 3:00 PM on July 12, Flight B at 3:00 PM on July 13 and the final flight, Flight C at 3:00 PM on July 14.

This is also an unlimited re-entry event during the open registration period. Players may re-enter the same flight or the alternate flight as often as they wish through the open registration period. Same rules apply as original entry. \$1,000 buy-in for 5,000 in chips, with 10,000 chips being the starting stack if a player adds-on the \$111 “Donating for Double” feature.

The World Series of Poker has a long and successful track record of using its platform each summer to help galvanize the generosity of the poker community to support worthwhile causes, using poker tournaments as the fun and friendly mechanism.

The *Little One for ONE DROP* marks the fourth year of a very successful event that debuted in 2013.

The five-day event will run through July 16 and is expected to again award the largest prize pool of the summer of any \$1,000 buy-in event.

Players who cash will still have the opportunity after the event, to make a charitable donation to ONE DROP if they so choose.

## **POKER HALL OF FAME VOTING GUIDELINES**

As in the previous five years, the nomination, selection and voting process will culminate in the enshrinement of a worthy inductee(s) as part of the WSOP Main Event Final Table.

The process will work as follows:

- The public will be able to submit a name(s) for consideration via online submissions at [www.WSOP.com](http://www.WSOP.com) during the final 30 days of the WSOP.
- On or after August 31, the entire list of submitted individuals will be forwarded to the Nominating Committee, who will be tasked with reviewing all submissions and determining the final list of eligible candidates for 2016 induction. The committee will determine if any others should be added (such as non-poker players who have contributed greatly to the game, any glaring omissions, etc.) and determine the final eligible list.
- The Nominating Committee's final list will be announced in September. Anyone on this list will be forwarded to the official voters, made up of current Poker Hall of Fame members and select media, who will cast ballots to determine the induction class in 2016.
- A finalist ballot will be sent to the current Hall-of-Famers (25 living), who will each rank the nominees in order of preference – ranking only those they deem worthy of admission in 2016. Each Hall-of-Famer will also have the ability to add a write-in candidate, who won't be eligible for admission in 2016, but will automatically be added to the consideration list for 2017. In addition, a select group of media members will also be sent a ballot for ranking the finalists. All votes will be cast in private, with each PHOF and media member entitled but not obligated to keep their vote secret. After receiving back all ballots, the PHOF governing council reviews the selections and helps finalize any tiebreakers or errors.
- The two finalists receiving the most votes, as long as they are a majority, will be inducted during the enshrinement ceremony at the Final Table of Main Event in November, 2016.

Harrah's Cherokee will also host the first WSOP Circuit Event of the 2016-17 season from August 4-16, 2016, with the championship sandwiched in between a robust WSOP Circuit series featuring 12 official gold ring events, including a \$1,675 Main Event and a \$2,200 High Roller tournament.

This is a historic year for the *Global Casino Championship* (formerly the WSOP National Championship). For the first time ever, it will welcome players from the [WSOP International Circuit](#) events. Players from venues in Morocco, Georgia, Italy, the Czech Republic, and Canada will join the contingent of qualifiers from the domestic WSOP Circuit.

An additional 12 qualifiers earned seats by winning the Main Event or becoming Casino Champion at a stop on the WSOP International Circuit. The rest of the automatic qualifiers are filled out from the top of season-long Circuit points [leaderboard](#).

This year, 48 players automatically qualified, leaving 52 seats up for grabs based on the U.S. leaderboard. (If there are any double-qualifiers, the highest remaining point-getter on the at-large leaderboard receives entry).

As in years past, the top 100 players in the [WSOP world rankings](#) have the opportunity to buy into the *Global Casino Championship* directly for \$10,000. The world rankings are compiled based on players' performance in WSOP gold bracelet events in 2014 and 2015. The final list of entries for the *2016 WSOP Global Casino Championship* will likely fall between 100-200 and the prize pool should end up between \$1-2 million.
